

LOWDEN AND WOOD SEEM FAVORITES

For Republican Presidential Nominations Among National Committeesmen at Chicago

(By Associated Press)
Chicago, Nov. 10—Republican national committeesmen from a dozen states, including A. T. Hert of Kentucky, are here today to discuss the 1920 presidential campaign. National Chairman, Will Hayes, is presiding.
The meeting was held behind closed doors. The next national convention city will be selected in Washington within two months, with the fight between Chicago, St. Louis and Kansas City, although Minneapolis and San Francisco were mentioned today. Common gossip of committeesmen most frequently mentioned are names of General Leonard Wood and Governors Lowden, of Illinois, for the presidential nomination. Party leaders interpreted the results of recent state elections as favorable signs for republican success next year in the nation.

MAY REFUSE TO CALL OFF MINERS' STRIKE

(By Associated Press)

Washington, Nov. 10—Labor leaders today predicted international officers of the United Mine Workers of America would not call off the coal strike as directed by Federal Judge Anderson. Whatever the legal complications might be, spokesmen for the miners said the strike was ordered by a delegate convention and a convention must call it off.
Frank Morrison, executive secretary of the American Federation of Labor, would not add anything to the executive council's statement last night supporting the miners and demanding the government withdraw its injunction proceedings. "The statement speaks for itself. I'm not here to interpret it," Morrison said. He was asked for a statement in view of the opinion in some quarters that pronouncement of organized labor was a notice to the striking miners to stand pat. White House officials today refused to comment on the Federation's statement. "The situation is in the hands of the courts," said Secretary Tumulty. "This is no time to get cold feet."

FOCH SENDS GREETING TO LEGION CONVENTION

(By Associated Press)

Minneapolis, Minn., Nov. 10—Marshal Foch, allied commander-in-chief, today cabled his greetings to the American Legion, 2,000 delegates of which are here to give the Legion permanent shape and declare its policies. The war our eyes ever raised to the same ideal of justice and liberty, we must remain united as we have in the days of trial and days of triumph," Foch's statement said.

Won't Treat With Trotsky Yet

London, Nov. 10—Bulletin—Great Britain has no intentions of opening peace negotiations with Lenin and Trotsky until the House of Commons has an opportunity to discuss the subject. Bonar Law, government leader, announced in the House today. Bonar Law, government leader, in reply to questions with reference to Lloyd George's speech at Guild Hall Saturday night in which he was supposed to have hinted of an attempt to negotiate peace with the Bolsheviks in Russia. Bonar Law declared Lloyd George simply expressed hope some method might be found for achieving peace in Russia.

Important To Railroads

Washington, Nov. 10—Under permanent railroad legislation formally reported to the House today the railroads must apply to the Interstate Commerce Commission for a general rate increase within 60 days after their return to private control.

He is survived by his wife, Mrs. Sarah Johnstone, one son, Henry Lloyd, and one daughter, Mrs. Eleanor T. Faulconer. Mr. Tevis only recently moved to Danville from Lincoln county. He was a descendant of Gov. Isaac Shelby.

"Mickey's" Pet Squirrel

One of the many charming features in "Mickey" to be shown at the local theatres on Nov. 12-18, is a pet squirrel who will go straight to the hearts of all the children. The squirrel does a comedy scene with a pet bulldog that is delightfully natural. Mickey's bull terrier makes one dive for the squirrel and Brer Squirrel stands not on the order of his going. He beats it for dear life. Mickey wears boy's clothes during the first part of the play and the squirrel sprints up her trouser leg.

And, by the way, Mickey ought to get the Iron Cross for his courage. Pshaw! Any girl might lead an army like Jeanne d'Arc, or just save children in burning houses, or jump off cliffs, or any little thing like that. But to let a rat or a squirrel run up your clothes! Ooooo! If there were a call for volunteers to save the country by letting rats run up dresses, the only answer would be a yell fading away in the distance.

Sale Will Be At 10 A. M.

The sale of B. F. Cotton and Jesse M. Tudor on the Jesse Tudor place on the Barnes Mill pike will be at 10 o'clock a. m. Tuesday, Nov. 11th.

Centre Team Tops 'Em All

Old Centre College put Kentucky at the head of the foot ball column when she defeated the University of West Virginia Saturday by 14 to 6. The West Virginia boys had beaten Princeton, which held Harvard to a tie. This dope makes Centre as good as there is in the country. Centre plays State at Danville next Saturday.

"She Walked In Her Sleep"

The new and successful farce, "She Walked In Her Sleep" which was written by Mark Swan, also recalled as co-author of "Parlor, Bedroom and Bath" enjoyed a long season of prosperity at the Playhouse in New York. It is coming to the Lexington Opera House with the original production and will be seen at the Lexington Opera House as the attraction for Friday and Saturday, November 14 and 15, Saturday matinee.

Chicago averages one murder a day.

SPLENDID WORK FOR SCHOOL CHILDREN

Examination of Pupils of Rural School Discloses Conditions Needing Remedy

Medical, dental and nutritional examination of children of rural school on Normal campus shows: 36 per cent adenoids, 40 per cent diseased tonsils, 40 per cent enlarged glands, 4 per cent organic valvular lesions, 24 per cent nervousness in some form, 29 per cent ear defects, 34 per cent eye defects, 56 per cent defective teeth, 15 per cent malnutrition. No communicable ailments.

During the month of October Miss Miriam Noland, under whose skillful management the Rural School is doing advance work, made a health survey of the children of her school. The cooperation of an eye, nose and throat specialist, a physician, a dentist, a teacher of Nutrition and Dietetics, and the parents of the children was secured.

The school is a cosmopolitan groping of children, all strata of society being represented, hence is a fair representation of a typical school. The percentages of defects are no doubt representative of conditions throughout the state.

The malnutrition tests were made according to the Holt Standard. The per cents of normals ran high; the passables, average; while 15 per cent of malnutrition, 2 cases are of extreme seriousness.

The results of this survey are accepted as a handwriting on the wall so every effort is being made to see that the corrective work goes forward.

To date, 2 cases of diseased tonsils and adenoids, one of enlarged glands, four defective vision, have been corrected, while 15 are having dental work done.

The corrective work in nutrition is being made through a system of balanced rations made out by Miss Davis, teacher of Nutrition and Dietetics. The mothers are being furnished with a set of menus especially adapted to the need of their children.

Miss Noland's purpose is to have corrected every defect which will yield to treatment. Her splendid cooperative spirit and unusual ability to do things along educational lines that count, assures success.

L. & N. Engine Hits

(By Associated Press)

Louisville, Nov. 10—Fourteen persons were injured here today when a Louisville and Nashville train ran into a crowded street car trailer at Fourth street grade crossing. The fact that the engine was moving slowly is said to have prevented a disastrous wreck. Most of those hurt were school children. Their injuries were slight.

Miners' Heads Meeting

Indianapolis, Nov. 10—No hint as to the action of the international officials of the United Mine Workers of America at their conference here today, could be obtained prior to the opening of the meeting. At 11 o'clock all members of the general committee of the mine workers, including the international officers, district presidents and members of the executive board on the scale committee, were present.

PULASKI'S ROYAL WELCOME TO MORROW

They gave Gov-elect Ed Morrow a royal welcome when he returned to his home at Somerset Saturday. He is the first governor Pulaski county has furnished the state.

The entire public square was decorated with flags and bunting and every business house fronting it, or near it, was a blaze of flags and gayly colored drapery. Streamers reached from the cupola of the courthouse to every corner and the whole exterior of the building was gorgeous in well-arranged designs of red, white and blue. Somerset had taken on her gala attire and was royally dressed to welcome the return of her son who has become the first citizen of Kentucky.

Judge William M. Catron presided, and addresses of welcome and congratulations were made by Judges H. C. Kennedy, B. J. Bethurum, James Denton and R. C. Tartar, the Rev. D. W. Scott and J. Will Colyer. The speakers emphasized the fact that the election of one of Pulaski County's citizens as governor of Kentucky is the most important event in her history. Every utterance with reference to Governor-elect Morrow was a signal for applause, and every mention of his name called forth a demonstration. It is estimated that 10,000 persons were in view of the stand and shouted their approval as each speaker reiterated his faith in the courage, ability and honesty of the state's new chief executive.

John Will Colyer, one of the prominent Democrats in that section and one of the speakers, said in his address:

"I have known Ed Morrow all his life and I know enough about him to believe that when he is governor that he will be the governor of no party or faction, but the governor of all the people. I knew his father, and he was a great circuit judge, and I believe the son will make a great governor. As a Democrat, I have faith in him and I believe that he will deal out justice, fairly and impartially, to all. In my poor and feeble way I will stand by him in all matters that are right, and if my efforts can make him successful, he will be a success."

Governor Morrow's voice still showed the effects of the long and strenuous campaign, but its remarkable carrying power enabled him to be heard throughout the crowd. His address was filled with deepest feeling and at times he was almost overcome with emotion.

Addressing the people as home-folks, he said: "I can not but be moved by this demonstration of your love and devotion. How can I ever thank you and how can I ever show my appreciation? All that I have in this world, all that I am, and all that I ever will be, I owe to you. Among these old red clay hills, along your winding creeks and besides the blue Cumberland I first learned what it was to aspire, and what it was to desire to achieve. You have stood by me in all of my struggles with a steadfast loyalty and devotion that merits all of my appreciation."

"The battle just ended the most gratifying news that I received on the night of the election was the fact that you had stood by me. It was the crisis of my life; victory meant more to me than the office, it meant my very life, my heart, yes, my heart's core. This heart is yours and I declare today if I could divide it into bits, I would give it to you. This is my home, I married my wife here and my children were born here, and after I have fought the battle of life, I want to sleep beside my loved ones, among the hills of old Pulaski."

"Four years from now, when I have completed the trust that you have given me, I want to come back to Somerset and live among my friends. I frequently desire above all things to so conduct the great office that I can come back and look you in the face unashamed and unafraid. I want your faith; I want your confidence, and won't you give me your prayers?"

LEGION CONDUCTS MEMORIAL SERVICE

First Anniversary of Armistice Observed By Churches In Union Meeting Sunday

The First Christian church was filled with soldiers, sailors and aviators with their relatives and friends Sunday night. The meeting was under the auspices of the American Legion in a big community anniversary service to celebrate the signing of the Armistice one year ago, and to join in a memorial service to the fallen heroes.

All of the ministers and congregations of the city united in the anniversary of the first celebration, and every one was highly pleased and caught the spirit of patriotism and loyalty which prevailed throughout the entire service.

The musical program under the direction of Mrs. Pickels was well prepared, and added much in making the meeting a success.

F. C. Gentry, of the Eastern State Normal, County Secretary of the American Legion, presided over the meeting in a capable manner. He called upon Rev. O. Olin Green to conduct the devotional service, after which Dr. Homer W. Carpenter delivered a splendid address on "The Anniversary of the Signing of the Armistice." At the conclusion of his remarks the choir sang very beautifully Kipling's "Recessional."

Hart Perry gave the honor roll of Madison county, and was followed by Lieutenant Wm. Wallace and Dr. R. L. Telford, who delivered their remarks in a memorial phrase, in which both paid high tribute to the boys who laid down their lives for home and country, and proved themselves "Honored Cross Bearers."

The entire service was one which will be remembered.

Somerset Oil Goes Up 15 Cents

The Cumberland Pipe Line Co. reports that Somerset oil has increased 15 cents on the barrel, having jumped from \$2.70 to \$2.85 a barrel. This is the oil delivered to the pipe line company from wells in the Eastern Kentucky fields. The increase in price probably will have an effect of increasing activity in this section as it makes the price of Kentucky oil two cents less than Cabell and ten cents less than the Corning grade of oil. It is selling at \$1.40 less than the Pennsylvania, the best grade oil.
